

Mr Payne's One Page Profile

What I would like you to know about me.

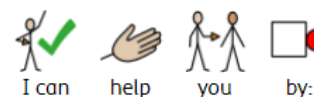

- I enjoy walking and reading.
- I enjoy spending time with my family and friends.
- Maths is my favourite subject.
- I like helping people to learn new things and I enjoy learning new things.

Something I find tricky is...

Remembering people's names.

I can help you by...

- Listening to you when you do not understand something and helping you to find another way to understand it.
- Encouraging you to persevere with a problem and help you to find a solution.
- Reminding you that mistakes are a part of learning and it is okay to make mistakes.
