

Mrs Copeman's One Page Profile

What I would like you to know about me.

- I enjoy spending time in my garden.
- I enjoy dancing.
- My favourite subject is Maths.
- I like solving puzzles.
- I prefer to be wrapped up warm as I can get cold easily.
- I wear glasses.
- I have a younger brother.
- I find it rewarding to help others.

Something I find tricky is...

Navigating backwards through a route without any instructions. Sometimes I can get confused!

I can help you by...

- Making sure we talk through instructions that you don't understand.
- Explaining something in a different way.
- Using a picture to help you understand and remember something tricky.
- Displaying an example on the classroom wall that you can look at.
