

Mrs Hands' One Page Profile

What I would like you to know about me.

- I love running in the rain!
- I enjoy going to the theatre, listening to music, reading and walking by the coast.
- I grew up in the Midlands and since then I have lived in Lancashire and Yorkshire so I may say words in a different accent to you.
- I really enjoy teaching English, art and drama.

Something I find tricky is...

- maths investigations: (I find talking them through with another person helps).

I can help you by...

- empathising- I understand that learning can be hard as well as relationships with others.
- I make learning manageable by breaking it into chunks and giving lots of examples.
