Education
Directory**

A new RE curriculum is now being followed by the whole school that has been designed and approved by the Bishops of England.

It is based on the liturgical year and is divided into 6 branches, one for each half term. It is structured this way so that so that the children can build on their knowledge of each branch every year.

A Prayer for the New School Year:

Teacher

Loving God, we thank you for this new school year and for the opportunity to learn and grow.

We ask for your Holy Spirit to guide us as teachers and parents of our children and help us work and learn together in God's love.

Bless our teachers, that they may inspire our children with knowledge, wisdom and kindness.

Bless our children, that they may be receptive to learning and eager to share their gifts.

Bless our school families as they support our children in their education journey.

May our school community be a place of faith, of hope, and of love.

Let this year be filled with opportunities for growth, discovery, learning and a deeper understanding of your love. We ask this in the name of Jesus, your Son, our Lord. Amen.

Sounds Write Phonics

- Scheme used across the school from EYs to Y6 (alphabet code knowledge, alternative spellings, polysyllabic words)
- Children are taught to listen to sounds in words and then taught the spellings that make those sounds
- It focuses on precise pronunciation, sounds taught in context of words and not in isolation, no pictures or actions to represent sounds, no teaching of rules
- Teaching sequence constantly builds on prior knowledge and gives children time to rehearse and practise

Sounds Write Phonics

- In KS2 there is more emphasis on splitting words into their syllables for reading and spelling:

au | t o | bi | o | gra | phi | cal

- Words are also sometimes split according to their meaning:

auto | bio | graph | ic | al

self life writing to do with

Spellings

- Spellings will be sent home for children to practise what they have learnt in the classroom
- Spellings will come home with the weekly notices showing you how they are split into their sounds or syllables,

- Encourage your child to “Say the sounds and write the word” as they are writing

How to support your child at home

Helping to keep our children safe online

Reminders:

- **Be involved in your child's online life** - Consider what parental controls you have in place at home to filter inappropriate content. Do you monitor your child's online activity? Do you check the privacy settings on tablets, phones, laptops? Are the devices your child uses kept in a communal space in the home so you are aware of what they are accessing?
- **Limit your child's time spent online** to support the development of healthy habits (especially before going to bed)
- Have you talked to your child about **what to do if they feel unsafe online**? Not everyone is who they say they are.
- **Are you APP aware?** - Age restrictions – most social media apps require children to be 13+ to access them. (TikTok, WhatsApp, Instagram, Snapchat, Discord etc)
- Only children in Year 6 are permitted to bring a phone to school (if they are walking home). These are handed in to the office for safe keeping during the day. No access to these is permitted whilst in school.
- We ask that children **do not wear smart watches to school**. Notifications cause a distraction from their learning and online connectivity could pose a risk to themselves and others when in school. Any smart watch worn to school will be stored in the office, as per mobile phones, and these will then be available to collect at the end of the school day.
